

Drexel Metals Fascia Extender

Overview

The Drexel Metals Fascia Extender is a two-part assembly that includes a continuous cleat and a decorative fascia cover for single-ply commercial roof systems. Our Extender is available in pre-painted Kynar500® .032" formed aluminum as well as 24 gauge Galvalume steel. This product features a 24 gauge cleat with fasteners spaced at 12" on center. All products come in standard 10' standard lengths. Concealed splice plates and fasteners are included with the purchase of this product.

Features and Benefits

- 
 Extends the face of the fascia for longer stretch that helps meet design without sacrificing tested sizes.
- 
 Gold Standard Warranty (35YR Non-Prorated)
- 
 Corporate and Custom Colors are available

Installation

For complete installation instructions, please refer to Drexel Metals Architectural specifications and details.

REVIEW CURRENT DREXEL METALS ARCHITECTURAL SPECIFICATION AND DETAILS FOR SPECIFIC INSTALLATION REQUIREMENTS.

Engineering and shop drawings, as well as long-form specifications and CAD details, are available from Drexel Metals. Product samples, detail sheets, color chips and color charts are also available for submittal packages. For personal assistance with questions or for full submittals, contact Drexel Metals or your local independent sales representative.

**ADDITIONAL GAUGES - .040, .050 and .063 aluminum and 22 gauge Galvalume are available upon request*
